

## Health Sciences – Undergraduate Courses – Spring 2019

The Health Sciences courses listed below are available on a limited basis to non-health science students. Permission of the instructor must be obtained prior to registration, unless noted. Students who are not in a Health Sciences' program may register for Health Sciences courses at the west campus Office of Records, not the east campus Office of Student Services. When non-health science students register for a Health Sciences course scheduled in a Spring module/session code, this course counts towards the students' Spring course load only, even if the module/session code extends into the Winter/Spring term. *Please note:* The GPNC option is not permitted for East campus courses.
