

As long as we have received your 2016-17 [FAFSA](#), and you are enrolled for at least six credits, you will be offered financial aid for the summer session.

You will receive an email alerting you to go to [SOLAR](#) to accept or decline your awards and to complete any "To Do" items.

You will be offered the maximum financial aid that you are eligible to receive in the summer. Because there are [annual loan limits](#), any summer loan amount will affect your eligibility for fall and spring loans. It is very important that you estimate your expenses for summer and the academic year so that you can plan accordingly.

For information about summer expenses, click [here](#).

Regardless of any scheduled disbursement date, your aid will only be disbursed when you are **enrolled and attending** for at least six credits.

Please visit www.stonybrook.edu/summer for information regarding due dates for your summer bill.

Summer financial aid packaging will begin in May. Fall/Spring financial aid packaging will begin in July.

If you have any questions, please email hscstudentservices@stonybrook.edu or call our office at (631) 444-2111.

Cordially,

Health Sciences Office of Student Services
